## 1. EXECUTIVE SUMMARY

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Unwanted Medicine from Households (“Plan”) in the City and County of San Francisco, California (“County”) under the San Francisco Safe Drug Disposal Stewardship Ordinance, Chapter 22, Division 1, Sections 2200-2219 (“Ordinance”) and San Francisco Department of the Environment Regulation #SFE-16-01-SDDSO (“Regulation”). This 2017 County Annual Report (“Report”) describes the activities of MED-Project between January 1, 2017 and December 31, 2017 in compliance with Ordinance Section 2209. Because MED-Project began operations on October 25, 2016, the Report also includes information about the operating period between October 25, 2016 and December 31, 2016. MED-Project activated a call center, website, and mail-back program and released outreach materials in 2016. Unused Medicine collection began in 2017.

The Plan was approved by the San Francisco Department of the Environment (“Department”) on July 25, 2016. In keeping with the Plan, MED-Project implemented the Product Stewardship Program (“Program”) in phases. During 2016 and 2017, priority was given to establishing kiosk drop-off sites, conducting take-back events in alignment with approved Plan goals, and performing outreach to eligible pharmacies and Law Enforcement Agencies (“LEAs”) throughout the County. As a result of these efforts, MED-Project’s Program collected and disposed of “Unwanted Medicine” (as defined in Plan Section V) from 35 kiosks at 34 kiosk drop-off sites and 39 take-back events in 2017.

Kiosks were installed in pharmacies and LEAs that meet all local, state, and federal requirements and have executed agreements with MED-Project. In addition, outreach and educational materials were distributed to all participating kiosk drop-off sites, including signage and/or brochures.

As outlined in the approved Plan, the ultimate goal of the Program is to provide County residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine. MED-Project anticipates a steady increase in kiosk drop-off sites throughout 2018 as a result of Program activities between October 25, 2016 and December 31, 2017 (the “Reporting Period”), especially if there is increased retail chain pharmacy participation in the Program.

MED-Project continues to communicate with kiosk drop-off site hosts to distribute outreach materials, review procedures as needed, and improve overall Program design.

The following sections of the Report respond to specific reporting requirements in Ordinance Section 2209. Each section of the Report quotes the corresponding Ordinance requirement and provides the required information.

## 2. PARTICIPATING PRODUCERS

*Ordinance Sec. 2209 (a)(1): "A list of Producers participating in the Stewardship Plan."*

See Appendix A; List of Program Participants

## 3. COLLECTION METHOD AND WEIGHT

*Ordinance Sec. 2209 (a)(2): "The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used."*

### 3.1. KIOSKS

- 12,911 pounds of Unwanted Medicine collected via kiosk drop-off sites.

See Appendix B; Kiosk Collection Data

### 3.2. TAKE-BACK EVENTS

- 1,715 pounds of Unwanted Medicine collected via take-back events.

See Appendix C; Take-Back Events

### 3.3. MAILERS

- Distributed 2,520 envelopes to 34 mail-back distribution sites.
- Distributed 128 envelopes directly to residents.
- The total envelope distribution was 2,648.
- The average weight of returned mail-back envelopes was 0.326 pounds per envelope.
- 161 pounds of Unwanted Medicine collected through 493 returned mail-back envelopes.

See Appendix D; Mailer Locations

### 3.4. TOTAL WEIGHT OF COLLECTED UNWANTED MEDICINE

- 14,787 pounds of Unwanted Medicine collected through all methods.

## 4. KIOSK DROP-OFF LOCATIONS AND COLLECTION EVENTS

*Ordinance Sec. 2209 (a)(3)-(6): "(3) A list of drop-off sites; (4) The number of mailers provided for disabled and/or home-bound residents; (5) The locations where mailers were provided, if applicable; (6) The dates and locations of collection events held, if applicable;*

### 4.1. LIST OF DROP OFF SITES

See Appendix B; Kiosk Collection Data

## 4.2. NUMBER OF MAILERS PROVIDED TO DISABLED AND/OR HOME-BOUND RESIDENTS

128 envelopes were distributed directly to residents. MED-Project identifies a total number of mailers provided directly to residents because it is unable to verify whether the recipient is disabled and/or home-bound.

See Appendix E; Mailers Distributed Directly to Residents

## 4.3. MAILER LOCATIONS

See Appendix D; Mailer Locations

## 4.4. DATES AND LOCATIONS OF COLLECTION EVENTS

See Appendix C; Take-Back Events

# 5. DISPOSAL AND TRANSPORTER INFORMATION

*Ordinance Sec. 2209 (a)(7): "The transporters used and the disposal facility or facilities used for all Covered drugs."*

## 5.1. DISPOSAL FACILITY INFORMATION

See Appendix F; Disposal Facilities

## 5.2. TRANSPORTER INFORMATION

See Appendix G; Transporters

Note: MED-Project includes Sodrel Truck Lines, Inc. in this Report for completeness. Once mail-back package contents are rendered non-retrievable at the Stericycle Indianapolis, Indiana facility, Sodrel Truck Lines, Inc. then transports the non-regulated material to the Covanta Indianapolis facility.

# 6. SAFETY AND SECURITY REPORT

*Ordinance Sec. 2209 (a)(8): "Whether any safety or security problems occurred during collection, transportation or disposal of Unwanted Covered Drugs during the reporting period and, if so, what changes have or will be made to policies, procedures or tracking mechanisms to alleviate the problem and to improve safety and security in the future."*

No safety or security incidents were identified during the collection, transport, or disposal of Unwanted Medicine in the Reporting Period.

## 7. EDUCATIONAL EFFORTS AND PUBLIC OUTREACH

*Ordinance Sec. 2209 (a)(9): "A description of the public education, outreach and evaluation activities implemented during the reporting period."*

### 7.1. OUTREACH REACH AND FREQUENCY

MED-Project provided print and digital ad campaigns, distributed signage, flyers and brochures, held take-back events in the community, and posted information on social media sites and the MED-Project website during the Reporting Period. MED-Project website information and statistics are provided in Appendix H and I respectively.

MED-Project provided disposal instructions for kiosk drop-off sites, mail-back distribution locations, and take-back events for the types of collection and disposal options offered through the approved Stewardship Plan. All posters and brochures were available in the required languages, including English, Spanish, Chinese, Russian, and Filipino (Tagalog). See Appendix J for examples of brochures and posters. Appendix K provides brochure and poster distribution information.

MED-Project lists kiosk drop-off sites, mail-back distribution locations, and take-back events on the MED-Project website. See for example, Appendix H. Event information is also posted on social media sites, with flyers distributed electronically via Facebook, sent via email blasts, and distributed to libraries to inform residents. A list of electronic distribution methods is provided in Appendix L.

Based on 2010 U.S. Census population data, MED-Project outreach activities achieved a Combined Target Reach Percentage of **86%** through a variety of media channels. MED-Project had activity with a 3+ frequency, for the duration of one-month, 4 times in 2017.

Activities each with a 3+ frequency for the duration of one month:

- 1) SF Chronicle Ad - 4wk campaign
- 2) SF Examiner Ad - 4wk campaign
- 3) Archdiocese Directory - annual publication
- 4) Social Media Event site posts - 6 event posts

Additional activities performed throughout year

- 1) SFChronicle.com digital ad - 3wk campaign
- 2) SFExaminer.com digital ad - 3wk campaign
- 3) Miscellaneous - Social Media (FB, Twitter); Email Blast activity; Brochure distribution, etc.

The Target Rating Points calculated is 261 based on a Reach of 86% and an average frequency of 3.04.

## 7.2. PROMOTION MEDIA

MED-Project used various media to promote the collection program including a website, public service announcement videos, brochures, social media sites, newspapers, and email blasts. Detailed information is provided in the list below and Appendices as follows:

List of all media promoting the collection program in 2017:

1. SF Chronicle (print and digital ads)
2. SF Examiner (print and digital ads)
3. Archdiocese of San Francisco (print and digital ads)
4. Eventbrite (social media and events website)
5. SF Station (social media and events website)
6. MED-Project Facebook page (social media)
7. MED-Project Twitter account (social media)
8. [Patch.com](http://Patch.com) (online neighborhood network)
9. Email blasts (contact list)

For additional detail reference:

See Appendix H; MED-Project Website Pages

See Appendix I; MED-Project Website Statistics

See Appendix J; MED-Project Brochures and Posters

See Appendix K; Brochure and Poster Distribution

See Appendix L; Electronic Distribution

See Appendix M; Electronic and Media Advertisement Examples

See Appendix N; Outreach Activity Detail

See Appendix O; Outreach Summary

See Appendix P; Example Media Purchase Invoice

## 7.3. PROOF OF MEDIA PERFORMANCE

MED-Project offers the following documents as “proof” to support the outreach efforts:

- Locations where brochures and posters are provided in Appendix K.
- A list of tear sheets of all print ads that ran is provided in Appendix L.
- An example invoice confirmation from vendor on number of impressions that were run in media buy is provided in Appendix P.
- List of confirmed posts on social media event sites provided in Appendix L.
- List of social media posts and email blasts on MED-Project accounts provided in Appendix L.
- Image of Email blast provided in Appendix M.

## 7.4. BIENNIAL SURVEY

Consistent with Ordinance Section 2206(a)(4), the first biennial survey is due to be conducted in 2018.

## 8. PACKAGING RECYCLING

*Ordinance Sec. 2209 (a)(10): "A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used."*

As described in the Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging;
2. Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and
3. Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and, because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct residents to return Unwanted Medicine at a kiosk drop-off site, via mail-back services, or at a take-back event, in its original container or in a sealed bag. These materials encourage residents who transfer their Unwanted Medicine in a sealed bag to recycle all remaining packaging.

## 9. PROGRAM GOALS

*Ordinance Sec. 2209 (a)(11): "A summary of the Stewardship Plan's goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year."*

### 9.1. COLLECTION GOALS AND COLLECTOR OUTREACH

MED-Project satisfied the service convenience goals in Ordinance Section 2205(b)(1) during the Reporting Period through a combination of established kiosk drop-off sites, mail-back distribution locations, and take-back events as provided in Appendix Q; Convenience Standard Results. MED-Project continues to strive to meet these service convenience goals through the establishing of kiosk drop-off sites by, for example, pursuing increased participation by retail chain pharmacies throughout the County. Additionally, MED-Project issued letters to potential kiosk drop-off sites on January 25<sup>th</sup>, 2017. Phone calls and emails were sent to eligible sites that did not respond to the letter. Eligible non-participating sites were contacted monthly until either

the site began participating in the Program or the site indicated they no longer want to be considered for participation. Presently, Sutter Pharmacy is the last remaining facility that expressed interest that is not participating in the Program. MED-Project continues to follow up with Sutter Pharmacy monthly. MED-Project anticipates the average pounds per kiosk drop-off site to increase in 2018 with increasing public awareness of the Program. Refer to section 3 and 4 of this Report for specific collection information. The toll-free number for the call center continues to be available in English, Spanish, Chinese, Russian, and Filipino (Tagalog).

## 9.2. EDUCATION AND PUBLIC OUTREACH GOALS

To promote the Program during the Reporting Period, MED-Project performed print ads, engaged social media, and sent emails. Additionally, MED-Project distributed materials, including brochures and posters, to all 34 active kiosk drop-off sites and other stakeholders during the Reporting Period. The MED-Project call center returns voicemails within one business day as described in the approved Plan. Website statistics and the media Outreach Summary for the baseline Reporting Period are provided in Appendix I and Appendix O respectively. Refer to section 7 of the Report for additional outreach information detail.

In an effort to increase website visits, MED-Project continued outreach during the Reporting Period through social media websites such as Twitter and Facebook. Brochures and materials were distributed to pharmacies, LEAs, clinics, veterinary facilities, hospitals, and community groups, and other media outlets were contacted to increase outreach prior to events.

As required by Ordinance § 2206, MED-Project will coordinate with other Stewardship Plans in 2018 to conduct a biennial survey of County residents, pharmacists, veterinarians, and health care professionals who interact with members of the community after the first full year the Stewardship Plans are operating.

MED-Project also intends to increase public awareness of the Program in 2018 through the production and placement of animation ads on digital campaigns, social media sites, and broadcast media platforms.

## 10. PROGRAM COST

*Ordinance Sec. 2209 (a)(8): "The total expenditures of the Stewardship Plan during the reporting period."*

Total Program cost for the Reporting Period was \$1,290,614.

## APPENDIX B

### Kiosk Collection Data

The locations and total pounds of Unwanted Medicine collected and disposed of from kiosk drop-off sites in the County during the Reporting Period is provided below. Because the disposal of Unwanted Medicine occurs several days after pick-up at a kiosk drop-off site, disposal of some Unwanted Medicine collected in late 2017 did not occur until early 2018 and is not reflected in the disposal figure below. Pounds Collected are rounded numbers.

Site Name	Site Street Address	Pounds Collected

## MEDInfo

Medicines help treat diseases, manage chronic conditions and improve health and well-being for millions of Americans. It's vitally important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications securely to prevent accidental ingestion or misuse by others in your household, especially children.

There are a number of ways to dispose of expired or unwanted medicines. To protect your privacy, consumers are reminded to remove all personally identifiable information on labels or materials before using any of the available disposal options.

For additional information on the program, MED-Project has developed an educational toolkit, including:

Educación y eliminación de medicamentos

## ELIMINACIÓN SEGURA DE MEDICAMENTOS VENCIDOS Y NO DESEADOS

*Hay una gran cantidad de maneras para desechar los medicamentos vencidos o no deseados.*

Para obtener más información acerca del programa MED-Project, diríjase a [www.med-project.org/SF](http://www.med-project.org/SF) o llame al 1-844-MED-PROJ

¿Qué se debe hacer con los medicamentos vencidos o no deseados?

Los medicamentos ayudan a tratar enfermedades, a controlar enfermedades crónicas y a mejorar la salud y el bienestar de millones de estadounidenses. Es sumamente importante que los pacientes tomen los medicamentos recetados por el médico y como se indica en la etiqueta o en el envase. También es importante asegurarse de guardar los medicamentos de forma segura, para evitar la ingestión accidental o el mal uso por parte de otras personas en su hogar, especialmente de los niños.

Si tiene medicamentos vencidos o no deseados, es fácil realizar una adecuada eliminación. Para proteger su privacidad, se les recuerda a los consumidores que eliminen toda la información de identificación personal de las etiquetas o materiales de las recetas antes de utilizar cualquiera de las siguientes opciones de eliminación.

## ЧТО ДЕЛАТЬ С НЕНУЖНЫМИ ИЛИ ПРОСРОЧЕННЫМИ ПРЕПАРАТАМИ?

### MED-Project

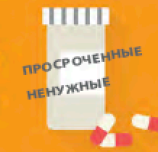

Сведения о препаратах  
и их утилизация

## БЕЗОПАСНАЯ УТИЛИЗАЦИЯ НЕНУЖНЫХ И ПРОСРОЧЕННЫХ ПРЕПАРАТОВ

Существует несколько  
способов утилизации  
просроченных или  
ненужных лекарственных  
препаратов.

Для получения  
дополнительных сведений о  
программе MED-Project посетите  
веб-сайт [www.med-project.org/SF](http://www.med-project.org/SF)  
или позвоните по телефону  
1-844-MED-PROJ

Что делать с  
просроченными  
или ненужными  
препаратами?

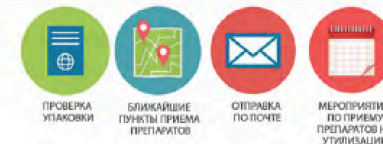

Лекарственные препараты помогают в лечении болезней, позволяют контролировать течение хронических заболеваний и способствуют улучшению здоровья и повышению качества жизни миллионов американцев. Чрезвычайно важно принимать препараты в соответствии с назначением лечащего врача и с указаниями на этикетках и упаковках. Также необходимо хранить препараты в надежном месте, чтобы не допустить их случайного проглатывания или использования не по назначению другими людьми, в особенности детьми.

В случае наличия у вас просроченных или ненужных препаратов следует знать, что их правильная утилизация не требует больших усилий. Для обеспечения конфиденциальности ваших данных нужно помнить о том, что перед утилизацией препарата любым из нижеуказанных способов необходимо удалить все личные сведения, указанные на этикетках или других частях упаковки препарата.

## ANO ANG DAPAT MONG GAWIN SA IYONG MGA HINDI KAILANGAN O NAG-EXPIRE NA GAMOT?

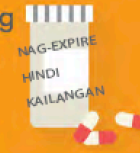

### MED-Project Kaalaman at Pagtatapon ng Gamot

## LIGTAS NA PAGTATAPON NG MGA HINDI KAILANGAN AT NAG-EXPIRE NA GAMOT

*Maraming paraan ng pagtatapon ng mga nag-expire o hindi kailangang gamot.*

Para sa karagdagang impormasyon tungkol sa MED-Project program, pumunta sa [www.med-project.org/SF](http://www.med-project.org/SF) o tumawag sa 1-844-MED-PROJ

Ano ang dapat mong gawin sa iyong mga nag-expire o hindi kailangang gamot?

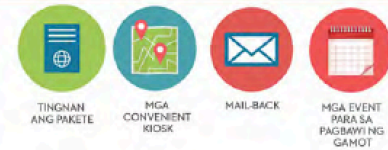

Nakatutulong ang mga gamot sa paggamot sa mga sakit, pamamahala sa mga paulit-ulit na kondisyon, at pagpapabuti ng kalusugan at kagalingan ng milyun-milyong Amerikano. Napakahalagang gamitin ng mga pasyente ang kanilang gamot tulad ng inireseta ng kanilang tagapangalaga ng kalusugan at tulad ng nakasaad sa etiketa o pakete. Mahalaga rin na tiyaking ligtas na nakatabi ang mga gamot upang maiwasan ang di-sinasadyang pagkalunok o maling paggamit ng ibang tao sa iyong tahanan, lalo na ang mga bata.

Kung mayroon kang nag-expire o hindi kailangang gamot, madali ang wastong pagtatapon. Upang maprotektahan ang iyong privacy, pinaaalalahanan ang mga consumer na alisin ang lahat ng impormasyon na makatutukoy sa pagkatao sa mga may-resetang etiketa o materyales bago gamitin ang anuman sa mga sumusunod na opsiyon sa pagtatapon.

### Getting around on Pride weekend

By Michael Bodley

San Francisco Pride, one of the world's largest such celebrations, officially starts Saturday with a rally at Civic Center Plaza at noon. Preparations have been long in the making for the 49th annual weekend of pride, with more than 1 million people expected to gather in the city from around the Bay Area and from across the world. If you can't walk or bike to the celebrations, public transportation is the way to go. Consider purchasing a weekend pass from BART, Muni or Caltrain to beat long lines at congested ticket machines. Here's what else you need to know:

How to get there:  
BART trains will operate on regular schedules, but the transit agency will provide

### San Francisco Pride Parade

longer trains Sunday in an effort to accommodate the throngs of parade-goers. The parade begins at 10:30 a.m. at Market and Beale streets, and the celebration is expected to last until 7 p.m.

In San Francisco, Muni will run on Sunday extra service on the K, L, T and M Metro lines. Several street closures in the city will impact bus service. The closest station to the

start of the parade route is Embarcadero station.

Caltrain will run two special express trains departing from San Jose at 7:55 a.m. and 8:55 a.m. Sunday, followed by several extra trains throughout the morning and early afternoon that will depart from San Jose and Palo Alto. Caltrain also will add service in the evening to accommodate crowds.

Street closures:

Expect difficulty navigating San Francisco's crowded streets in a car. Parking will be even more limited than usual, and there are a number of city streets, including Market and streets around the Civic Center, that will remain closed throughout the weekend.

### California adding 4 states to travel ban

Travel ban from page D1

Thursday marked Becerra's first action on the matter since he took office, and he blamed the delayed rollout on the complications of analyzing four separate pieces of state legislation.

Under a California law that took effect in January, there are a number of exemptions to the ban on travel. The restrictions do apply to the University of California and other state schools.

But the attorney general's office would not say whether the rules would prevent an athletic team — the California Golden Bears, for example — from playing an away game at one of the affected states. A representative said the

office was reviewing the matter.

Asked about the consequences for California in refusing to do business with those states — especially Texas, which boasts the second-largest economy in the United States behind only California — Becerra paused.

"Texas is a big state," he said, but "the consequences are real" for LGBT people in Texas and elsewhere.

He said he would not rule out adding more states.

California's top law enforcement official's edict comes just before San Francisco Pride Weekend, which is expected to bring more than 1 million people to the city in one of the world's largest, most colorful celebrations of

gay pride.

On the possibility of additional sanctions levied against states that do not change their policies to California's liking, Becerra said Gov. Jerry Brown and the Legislature would have to consider the matter.

Becerra said that three of the states added to the list Thursday, Alabama, South Dakota and Texas, have passed legislation that could prevent LGBT individuals from serving as foster parents or adopting children.

The most recent such legislation was signed by Texas Gov. Greg Abbott June 15. The law allows child welfare providers — including faith-based adoption agencies — to deny adoptions to would-be parents based on "sincerely held religious beliefs."

Like the other laws derided by Becerra, the Texas legislation argues that the constitutional

right to religious freedom allows for exemptions to adoptions for religious people who do not support or believe in same-sex marriage.

Speaking with Becerra, Ashley Morris, the ACLU of Northern California's organizing director, acknowledged the right to religious freedom as an important constitutional protection.

But Morris argued that the laws passed by the eight states — which range from the East Coast to near the Canadian border — are discriminatory in nature; laws that harm LGBT people more than they protect religious believers.

"We believe that all human beings are equal and should be treated as such," Morris said.

# What does future hold for Giants starter?

*One-time top pick  
making most of  
unexpected opening*

**AT&T PARK** — As Chris Stratton plodded through the first half of 2017, lugging around an ERA north of five for the Triple-A Sacramento River Cats, it would have been difficult to envision the August opportunity that was awaiting the former first-round pick.

Before supplanting Matt Cain in the rotation on Aug. 5, Stratton had cut a low profile in his cameos at AT&T Park, making four appearances for the San Francisco Giants — a trio of relief outings and an emergency start in July.

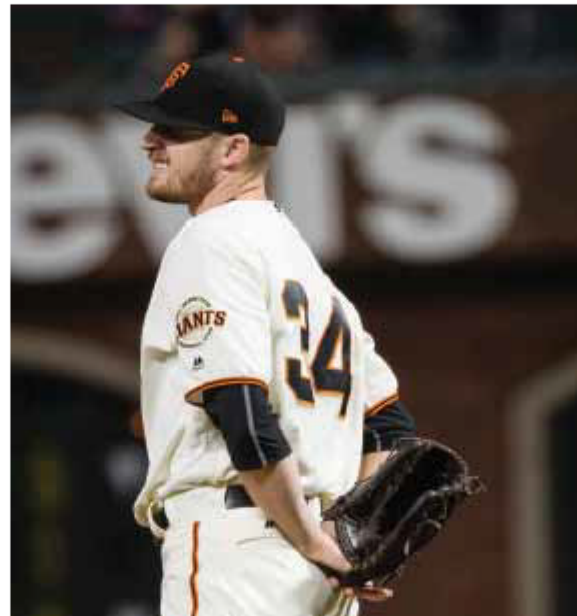

Bouncing between the River Cats rotation and the big league bullpen was an unenviable assignment for the right-hander.

"It makes it tougher for sure not to be able to get on a routine," Stratton said. "But then again, this is the big leagues and you've got to be ready for whatever everyday. So, that's what I've tried to do."

As Stratton tells it, manager Bruce Bochy and the front office hardly gave him a heads up when it came to stepping in for Cain — and no assurances about how long his rotation tryout will extend.

"To be honest with you, it's just kind of been each time I've pitched I've just kind of waited on them to tell me what's next," Stratton explained. "So, I'm just trying to be prepared for whatever they throw at me."

Stratton has seized the opportunity that likely would have gone to more prominent prospects if not for

Chris Stratton has thrown well in his latest stint with the San Francisco Giants, but that hasn't allowed him much more certainty about whether he'll stick than before.

unexpected circumstances.

Tyler Beede, the consensus top arm in the system, is expected to miss the rest of the season after suffering a groin strain at the end of July.

Joan Gregorio, who had a 3.04 ERA in Triple-A, erased himself from the call-up conversation by drawing a season-ending PED ban in July after testing positive for Stanozolol.

Those developments helped create the opening for Stratton, who has responded by allowing two earned runs in 17.2 innings in his three August starts.

"It's a ton of fun," Stratton said of his run in the rotation, highlighted

by a 10-strikeout gem against the high-powered Washington Nationals on Aug. 13.

"This is what I've grown up doing," Stratton continued. "So, it's been good, but like I've said before, I really did enjoy my time in the pen. I really do think it prepared me for where I am right now."

Stratton, who turned 27 on Tuesday, is starting to remind his bosses why he was the No. 20 overall pick in 2012, after earning SEC Pitcher of the Year honors that spring at Mississippi State.

Before starring in Starkville, Stratton grew up an hour north in Tupelo, where he still makes his offseason home with his wife, Martha Kate, and his one-year-old son, Christopher Mack.

"I love it there," Stratton said. "It's definitely a small town — especially compared to something like this," Stratton added. "It's bigger for Mississippi, but, I mean, maybe 40,000 there. But I love it — a good small town feel."

Stratton is one of 25 Tupelo High School graduates to be drafted, but the first to make it to the majors. Kirk Presley — the third cousin of Elvis, the town's most famous son — was also a Tupelo draft pick once upon a time, and even served as Stratton's summer coach one year when he was growing up.

After parlaying a successful college career into a \$1.85 million signing bonus from the Giants, Stratton has navigated a winding road to Third and King.

This year marked the third partial season Stratton had spent in Triple-A — a trying experience for the right-hander and his young family.
